#### Scary Scary Scary

What an AWESOME haunted house! My favorite out there. We go every year. The Zombie Drum line out in the parking lot is so much fun! It is so worth every min and takes a long time to get through. After going every year since I was a teenager I am still scared to death every time!!!!

#### Beware of the chainsaw guy

This is by far the coolest haunted house I went to in Texas when I lived there. I went with a few friends. It was scary as hell.Gosh I have chills going down my back just thinking about it. and its june. haha. I will always remember the guy that chased me with a chainsaw all over the parking lot.I was jumping over the velvet ropes in line, I cimbled on top of my sisters truck and he still followed me.. I didnt think I could run that fast.Great haunted house. I loved it.

### Cutting Edge Haunted House

\rWhat can we say? Cutting Edge embodies its name in everything it does. From the non-speaking actors, to the thumping music being blasted all throughout, to the incredible level fo darkness, it just kicks a\*\* \r

### OMG

OMG! It never ends!! You think you're gonna DIE in there!! It has everything! Scary twisting tunnels, slides, darkness, loud music, creepy rooms, a thousand chainsaws, actors are like ghosts, they just come out of nowhere. The scariest thinkg i've ever seen, I had to close my eyes at some point, I couldn't take it anymore! You get lost, can't see where you're going, I fell like a thousand times...MAN!!!!!! I'm glad I didn't have a heart attack in there. AMAZING. totally worth the money. Said I would never go back, but... who knows. 5stars. I was scared to death. It's cool to say: I survived it.

### Cutting Edge Rocks!

This place was awesome. It's definitely the scariest haunted house I've been to. I'm not the type of person that gets scared easily, trust me, this place is scary.
